To Whom it May Concern;

I am writing to recommend the services of Champion Adjusters. Brad Barnett's knowledge and attention to detail helped us through the devastation of Hurricane Irene. He was always receptive in our time of confusion. Due to his services, we received more money from our insurance company than we had originally expected. I feel confident in recommending Brad's company. He is not only thorough, but also easy to work with and always willing to take the time to discuss my concerns and respond to questions. He has years of experience and is an expert in his field. If tragedy was to strike us again, I would not hesitate to employ Brad's services.

If you have any further questions, please feel free to contact me.

Thank you,

To whom it may concern;

Brad Barnett has been my insurance adjuster for the last 5 years. The service he has provided to my company has been quick and accurate. Each time I have needed his services it has been handled with the utmost professionalism from start to finish.

Most of the real estate I own is in the New York metro area. For the past few years I have expanded my portfolio to Durham, North Carolina and Florida. I will feel very comfortable if I need Brads, Champion Adjustment, services for any of my properties.

Fire Restoration

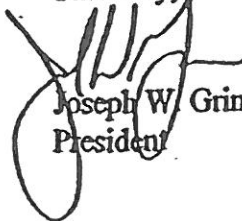

Dear Mr. Rosenbloom:

I would like to thank you and the staff of your office for a smooth, trouble free fire restoration project at 68 Stratford Road. As you know, the fire occurred last July 2001 and from the evening we engaged your firm to represent our interests, the project went as quickly and trouble free as could be expected, considering the damage involved.

We found the workmen you hired to be first rate and the work completed well within the time that was expected. I appreciate all the help you personally afforded us through out the last few months, as well as your staff member's quick response to our calls.

I hope I never need your assistance in the future but should the need arise you will be my first call.

Sincerely,

We would like to take this opportunity to extent our deepest appreciation for the outstanding job that you did in handling our Insurance Adjustments when we had the fire at our store on June 9, 2007.

If we did not have the support of your company during the period after our fire, I am certain that the process of rebuilding our company would not have gone as smoothly as it did. For that we will always be thankful to you.
